

FISKERI- OG KYSTDEPARTEMENTET

Norwegian Ministry of Fisheries and Coastal Affairs

Political Goals and Challenges

Political Adviser Fride Solbakken

First International marine Ingredients Conference Norway

Norway – surrounded by seas and oceans

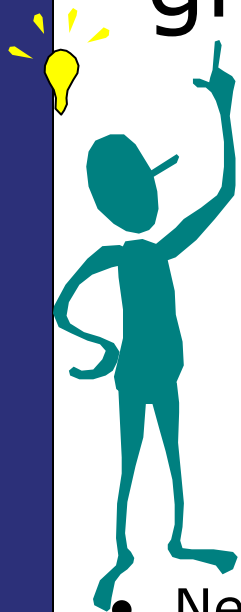

Sustainable management

Marine Resource Act

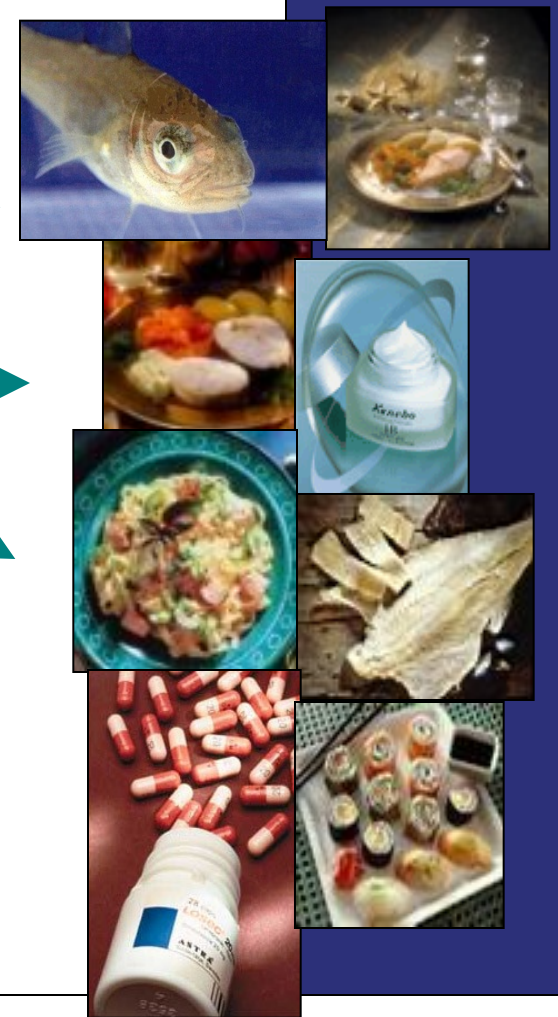

- **Precautionary approach**
- **Ecosystem approach**

Marine ingredients - great potential

Key factors:

- New technology
- Documentation
- Market competence
- Appropriate regulations
- International quality standards

Our Aim:

- Optimal exploitation of living resources
- A profitable, self-sustained fishery industry
- Development of a sustainable aquaculture industry
- Development of new industries
- Sustainable management of all marine resources

Thank you for your attention!
